SAMUEL PATY

This incident happened on october 16th 2020, just before the holidays. The action took place at the middle school of Conflans-Sainte-Honorine. He was an history and geography teacher. This is the story...

During a lesson about Freedom of expression he told students : « don't watch if you think you could be shoked » because he showed caricatures about the muslim religion. BUT a girl who wasn't even there said he was racist to her so her father asked the administration to fire Samuel Paty.

The father said that Samuel Paty had showed a photo of a naked man and said « that's the prophet ». He and Abdoullakh Anzov (the killer) continued to bully the school and insisted to fire Samuel Paty but the headteacher refused.

So, on october 16th 2020, Samuel Paty was beheaded by Abdoullakh Anzov. A very saddly event wich happened because of the girl's lie.

US ELECTIONS

This year, a lot of things happened, especially the election in the United States. After this incredible year Trump gives his place to Joe Biden!

It is true that after this crazy year we hoped that Joe Biden got this country back on his feet. During the election Trump couldn't accept losing against Joe Biden because, yes! Trump ran for the elections but he didn't win.

The elections was tough for both candidates because to win the election, they had to have 270 votes, Trump only had 232 votes and Biden 306 votes. In 2009, Biden was the Vice President of Obama and now he is the New President of the United States of America.

Then, the violence that took place in the capitol in Washington, on Wednesday, January 6th, shocked the whole world of which Garret Miller, who was among those who stormed the capitol, also threatened the officer who fatally shot a Trump supporter, saying he would "hug His neck with a nice Rome" prosecutors said. --

COVID-19
